

Mr. Duckett

Farewell Party

Carl:

1. Just wanted to give you a preliminary count on the DDS&T planned attendance at the ADW Farewell Party on 24 September. We have a 240 total and a breakdown of the offices and staff is attached.

2. The other Directorates have been informed, and we should be hearing from them shortly. DDP was planning to announce the party at its staff meeting today. DDI sent a note mentioning that Jack Smith would not be back from the conference but that Ed Proctor was passing the word in DDI.

3. From this rough count it certainly appears that we should have about 300 people at the party, which makes for a nice turnout.
